

Would you like to **work for this local employer?**

"We haven't had any layoffs in 3 years and we've hired over 30 CNC Machinists so far this year (2007)."

Would you like to **work in this industry?**

"I can't tell you how many calls I get per week looking for CNC programmers and operators - and companies are hitting a wall filling positions!"

Check out the ***CNC Fast Track*** program at **Macomb Community College!**

In just 6 weeks, you will become a skilled **CNC Machinist**.
We have employers waiting to hire you!

- Fully paid through *No Worker Left Behind*
 - You will be highly employable upon completion
 - Train at the region's most technically advanced CNC center
- Talk to your caseworker to find out if you qualify*
